YOUNG PROFESSIONAL DEVELOPMENT

Building Blocks to a Successful Career

Join us for an afternoon of an in-depth look into the 'Basics of Leadership'. Learn the difference between leadership versus management, inter-personal leadership, and emotional intelligence. Multiple presenters with varying backgrounds and expertise will weigh in on these essential skills. The event will be streamed live for those that would like to attend virtually. Streaming information to be provided 1 week before the seminar.

August 3, 2017
